

ARAGON

Modern high definition POS Terminal in a sleek and elegant design

Aragon is a Windows® Pos/PC with a **16:9 wide monitor**, ensuring better visibility in the modern sales applications. A POS Terminal for the future, with a **range of processors for any task.** The device boosts an essential and slim design with **futureproof full HD touch display** and a full glass front.

CHARACTERISTICS

1. **Slim high-definition display with minimal bezels**
   The modern design and the all glass front are accentuated by the 12 mm bezels and 33 mm thickness

2. **Fan-less and quiet**
   Highly ergonomic, thanks to the slim design, and fan-less for quiet operations

3. **Compatible with different OS**
   It supports different operating systems: Windows® 10 IoT, Windows® 11 Pro and Linux

4. **Kiosk or wall mounted**
   Aragon can be attached to any VESA fixture in either landscape or portrait position

5. **Field upgradable**
   SSD easily upgradable to increase system specifications
